INTRODUCTION

Bridge Academy Trust is committed to maintaining the confidentiality of its information and ensuring that all records within the Trust are only accessible by the appropriate individuals. In line with the requirements of the GDPR, the individual schools also has a responsibility to ensure that all records are only kept for as long as is necessary to fulfil the purpose(s) for which they were intended.

The Trust has created this policy to outline how records are stored, accessed, monitored, retained and disposed of to meet the individual school's statutory requirements.

This document complies with the requirements set out in the GDPR and Data Protection Act 2018.

LEGAL FRAMEWORK

1.1 This policy has due regard to legislation including, but not limited to, the following:

- General Data Protection Regulation
- Freedom of Information Act 2000
- Limitation Act 1980 (as amended by the Limitation Amendment Act 1980)
- Data Protection Act 2018

1.2 This policy also has due regard to the following guidance:

- Information Records Management Society (2016) 'Information Management Toolkit for Schools'
- DfE (2018) 'Data protection: a toolkit for schools'
- DfE (2018) 'Careers guidance and access for education and training providers'

RESPONSIBILITIES

- 2.1 Individual schools are responsible for maintaining its records and record-keeping systems in line with statutory requirements with Finance Operations Manager responsible within the Central Team.
- 2.2 The Headteacher/Head of School holds the responsibility for their own school. The CFOO is responsible centrally for this policy and for ensuring it is implemented correctly.
- 2.3 The DPO is responsible for checking the management of records at individual schools/Trust
- 2.4 All staff members are responsible for ensuring that any records for which they are responsible for are accurate, maintained securely and disposed of correctly, in line with the provisions of this policy.

MANAGEMENT OF PUPIL RECORDS

- 3.1 Pupil records are specific documents that are used throughout a pupil's time in the education system – they are passed to each school that a pupil attends and includes all personal information relating to them, e.g. date of birth, home address, as well as their progress and achievement.
- 3.2 The following information is stored within a pupil record, and will be easily accessible:
- Forename, surname, gender and date of birth
 - Unique pupil number
 - Note of the date when the file was opened
 - Note of the date when the file was closed, if appropriate
 - Ethnic origin, religion and first language (if not English)
 - Any preferred names
 - Position in their family, e.g. eldest sibling
 - Emergency contact details and the name of the pupil's doctor
 - Any allergies or other medical conditions that are important to be aware of
 - Names of parents, including their home address(es) and telephone number(s)
 - Name of the school, admission number, the date of admission and the date of leaving, where appropriate
 - Any other agency involvement, e.g. speech and language therapist
 - Admissions form
 - Details of any SEND
 - If the pupil has attended an early years setting, the record of transfer
 - Fair processing notice – only the most recent notice will be included
 - Annual written reports to parents
 - National curriculum and agreed syllabus record sheets
 - Notes relating to major incidents and accidents involving the pupil
 - Any information about an EHC plan and support offered in relation to the EHC plan
 - Any notes indicating child protection disclosures and reports are held
 - Any information relating to exclusions
 - Any correspondence with parents or external agencies relating to major issues, e.g. mental health
 - Notes indicating that records of complaints made by parents or the pupil are held

- 3.3 The following information is subject to shorter retention periods and, therefore, will be stored separately in a personal file for the pupil in the school office:
- Absence notes
 - Parental and, where appropriate, pupil consent forms for educational visits, photographs and videos, etc.
 - Correspondence with parents about minor issues, e.g. behaviour
- 3.4 Hard copies of disclosures and reports relating to child protection are stored in a sealed envelope, in a securely locked filing cabinet – a note indicating this is marked on the pupil's file.
- 3.5 Hard copies of complaints made by parents or pupils are stored in a file in a secure area – a note indicating this is marked on the pupil's file.
- 3.6 Actual copies of accident and incident information are stored separately on the school's management information system and held in line with the retention periods outlined in this policy – a note indicating this is marked on the pupil's file. An additional copy may be placed in the pupil's file in the event of a major accident or incident.
- 3.7 The school will ensure that no pupil records are altered or amended before transferring them to the next school that the pupil will attend.
- 3.8 The only exception to the above is if any records placed on the pupil's file have a shorter retention period and may need to be removed.
- 3.9 Electronic records relating to a pupil's record will also be transferred to the pupils' next school.
- 3.10 **[Primary schools only]** The school will not keep any copies of information stored within a pupil's record, unless there is ongoing legal action at the time during which the pupil leaves the school. The responsibility for these records will then transfer to the next school that the pupil attends.
- 3.11 **[Secondary schools and sixth form colleges only]** If any pupil attends the school until statutory school leaving age, the school will keep the pupil's records until the pupil reaches the age of 25 years.
- 3.12 The school will, wherever possible, avoid sending a pupil record by post. Where a pupil record must be sent by post, it will be sent by registered post, with an accompanying list of the files included. The school it is sent to is required to sign a copy of the list to indicate that they have received the files and return this to the school.

IDENTIFYING INFORMATION

- 10.1 Under the GDPR, all individuals have the right to data minimisation and data protection by design and default – as the data controller, the school ensures appropriate measures are in place for individuals to exercise this right.
- 10.2 Wherever possible, the Trust/School's use pseudonymisation, also known as the 'blurring technique', to reduce risk of identification.
- 10.3 Once an individual has left the school, if identifiers such as names and dates of birth are no longer required, these are removed or less specific personal data is used, e.g. the month of birth rather than specific date – the data is blurred slightly.
- 10.4 Where data is required to be retained over time, e.g. attendance data, the school removes any personal data not required and keeps only the data needed – in this example, the statistics of attendance rather than personal information.

STORING AND PROTECTING INFORMATION

- 11.1 The DPO will undertake a risk analysis to identify which records are vital to school management and these records will be stored in the most secure manner.
- 11.2 The DPO will check that regular back-ups of information are carried out to ensure that all data can still be accessed in the event of a security breach, e.g. a virus, and prevent any loss or theft of data.
- 11.3 Where possible, backed-up information will be stored off the school premises, using an online backup service such as the one operated by the LA.
- 11.4 Confidential paper records are kept in a locked filing cabinet, drawer or safe, with restricted access.
- 11.5 Confidential paper records are not left unattended or in clear view when held in a location with general access.

- 11.6 Digital data is coded, encrypted or password-protected, both on a local hard drive and on a network drive that is regularly backed-up off-site.
- 11.7 Digital data is encrypted or password-protected, both on a local hard drive and on a network drive that is regularly backed-up.
- 11.8 Memory sticks are not used to hold personal information unless they are password-protected and fully encrypted.
- 11.9 Memory sticks are not used to hold personal information unless the data is encrypted.
- 11.10 Where possible, the school enables electronic devices to allow the remote blocking or deletion of data in case of theft.
- 11.11 Staff and governors do not use their personal laptops or computers for school purposes.
- 11.12 Staff and governors/Trustees that use a personal device for school purposes must ensure that it has up-to-date anti-virus software and operating system security patches. The device must be protected by a strong password and not shared by anyone other person.
- 11.13 All members of staff are provided with their own secure login and password, the password must be at least 8 characters long and contain three different types of characters i.e. Upper-case, lower-case, numbers or symbols. Staff must change their passwords every three months.
- 11.14 Emails containing sensitive or confidential information are password-protected to ensure that only the recipient is able to access the information. The password will be shared with the recipient in a separate communication.
- 11.15 When sending confidential information by fax, members of staff always check that the recipient is correct before sending, and alert the recipient prior to sending.
- 11.16 Where personal information that could be considered private or confidential is taken off the premises, to fulfil the purpose of the data in line with the GDPR, either in an electronic or paper format, staff take extra care to follow the same procedures for security, e.g. keeping devices under lock and key. The person taking the information from the school premises/Trust accepts full responsibility for the security of the data.
- 11.17 Before sharing data, staff always ensure that:
- They have consent from data subjects to share it.
 - Adequate security is in place to protect it.
 - The data recipient has been outlined in a privacy notice.
- 11.18 Under no circumstances are visitors allowed access to confidential or personal information. Visitors to areas of the school containing sensitive information are supervised at all times.
- 11.19 The school takes its duties under the GDPR seriously and any unauthorised disclosure may result in disciplinary action.

- 11.20 The DPO is responsible for continuity and recovery measures are in place to ensure the security of protected data.
- 11.21 Any damage to or theft of data will be managed in accordance with the school's Security Breach Management Plan.

ACCESSING INFORMATION

- 12.1 We are transparent with data subjects, the information we hold and how it can be accessed.
- 12.2 All members of staff, parents of registered pupils and other users of the school, e.g. visitors and third-party clubs, are entitled to:
- Know what information the school holds and processes about them or their child and why.
 - Understand how to gain access to it.
 - Understand how to provide and withdraw consent to information being held.
 - Understand what the school is doing to comply with its obligations under the GDPR.
- 12.3 All members of staff, parents of registered pupils and other users of the schools within the Trust and its facilities have the right, under the GDPR, to access certain personal data being held about them or their child.
- 12.4 Personal information can be shared with pupils once they are considered to be at an appropriate age and responsible for their own affairs; although, this information can still be shared with parents.
- 12.5 Pupils who are considered to be at an appropriate age to make decisions for themselves are entitled to have their personal information handled in accordance with their rights.
- 12.6 The school will adhere to the provisions outlined in the school's GDPR Policy when responding to requests seeking access to personal information.
- 12.7

DIGITAL CONTINUITY STATEMENT

- 13.1 Digital data that is retained for longer than six years will be named as part of a digital continuity statement.
- 13.2 The DPO will identify any digital data that will need to be named as part of a digital continuity statement.

INFORMATION AUDIT

- 14.1 The school conducts information audits on an annual basis against all information held by the Trust to evaluate the information the school is holding, receiving and using, and to ensure that this is correctly managed in accordance with the GDPR. This includes the following information:
- Paper documents and records
 - Electronic documents and records
 - Databases
 - Microfilm or microfiche
 - Sound recordings
 - Video and photographic records
 - Hybrid files, containing both paper and electronic information
- 14.2 The information audit may be completed in a number of ways, including, but not limited to:
- Interviews with staff members with key responsibilities – to identify information and information flows, etc.
 - Questionnaires to key staff members to identify information and information flows, etc.
 - A mixture of the above
- 14.3 The DPO is responsible for completing the information audit. The information audit will include the following:
- The school's data needs
 - The information needed to meet those needs
 - The format in which data is stored
 - How long data needs to be kept for
 - Vital records status and any protective marking

- Who is responsible for maintaining the original document
- 14.4 The DPO will consult with Headteachers involved in the information audit process to ensure that the information is accurate.
- 14.5 Once it has been confirmed that the information is accurate, the DPO will record all details on the school's Information Asset Register.
- 14.6 The information displayed on the Information Asset Register will be shared with the Headteacher to gain their approval.

DISPOSAL OF DATA

- 15.1 Where disposal of information is outlined as standard disposal, this will be recycled appropriate to the form of the information, e.g. paper recycling, electronic recycling.
- 15.2 Where disposal of information is outlined as secure disposal, this will be shredded or pulped and electronic information will be scrubbed clean and, where possible, cut. The Headteacher will keep a record of all files that have been destroyed.
- 15.3 Where the disposal action is indicated as reviewed before it is disposed, the Headteacher will review the information against its administrative value – if the information should be kept for administrative value, Headteacher will keep a record of this.
- 15.4 If, after the review, it is determined that the data should be disposed of, it will be destroyed in accordance with the disposal action outlined in this policy.
- 15.5 Where information has been kept for administrative purposes, the Headteacher will review the information again after three years and conduct the same process. If it needs to be destroyed, it will be destroyed in accordance with the disposal action outlined in this policy. If any information is kept, the information will be reviewed every three subsequent years informing the DPO to the Trust at every process.
- 15.6 Where information must be kept permanently, this information is exempt from the normal review procedures.
